# Northeast Indiana Jewish Genealogy Society

The NEIJGS is a non-profit organization dedicated to collecting, preserving and disseminating genealogical information, techniques and research tools among people interested in Jewish genealogy and family history. While most of our members reside in Northeast Indiana, the NEIJGS welcomes members from anywhere in Indiana and beyond. All members are encouraged to volunteer and participate in the operation of the Society. Anyone interested in Jewish genealogy, regardless of religion or heritage, is welcome to become a member. The NEIJGS includes members with a broad range of genealogical skills and knowledge who are willing to share information with both the beginning and experienced researcher.

NEIJGS is proud to be a member of the International Association of Jewish Genealogical Societies (IAJGS), connecting its members with more than 70 Jewish Genealogical Societies worldwide.

## Our Objectives

- to present educational programs relevant to Jewish genealogy
- to support our members in their pursuit of their family histories
- to collaborate with other organizations on areas of Jewish genealogical interests
- to protect, preserve and share Jewish genealogical records from the region of Northeast Indiana.

## Meetings

Meetings are held quarterly on Sundays in the early afternoon at the Allen County Public Library's Genealogy Discovery Center. The programs will provide a mix of lectures and workshops geared to assist genealogists in searching for their Jewish roots. The meetings also provide the opportunity to network with others researching the same areas and history. Programs are free and open to the public.

## Membership Benefits

- Quarterly e-newsletter with updates on programs and projects
- Members-only dinners with our quarterly program speakers
- Member events with ACPL Genealogy Center staff
- Access to the Fort Wayne Jewish Families Database
- Networking with other members for help with research
- Participation in our Names database
- Input on future programs
